

## Attorney Fee Schedule Bankruptcy Practice June 1, 2014

Because we know many of our clients are not familiar with the costs of engaging an attorney for Bankruptcy representation - we have the following schedule to help you make an informed decision. The fee schedule treats all clients alike for similar services.

Some of the above legal services require the retainer to be paid in full before the work will begin. We may refuse any case for any reason. Post-petition legal fees not already included in this schedule will be billed to your Chapter 13 Plan at current billing rates after court approval. Representation will not commence prior to payment of the agreed upon retainer in whole - or based upon any written contract - no oral contracts. VERY IMPORTANT: The firm will withdraw from any case at any time based upon lack of payment of fees or cooperation by client. Failure to pay agreed fees will result in cancelation of representation, all paid fees will not be returned and further representation may require all new fees without credit towards any fees paid.

**We make no promises or guarantees of outcome in any situation.**
